for this year which the board was very excited to hear. The hvac dehumidifier was installed on Thursday August 29, 2019 and Shawn and other employees are watching the humidity levels to make sure they are staying consistent and within a reasonable range (which should be around 45 degrees).

- During the closure of the library on August 29th and 30th was very productive, the library staff during this time moved the reference section of the library, DVDs, and Adult Graphic novels were also moved to a better area of the library. Also, progress was made on the Microfilming project.

- More Net payment was discussed as far as making the entire payment that is due in 2019 or dividing the payments between 2019 and the year 2020. Shawn will present the 2020 budget with the full pay off amount of 22,000.00 and a 2020 budget with only paying 11,000.00 with the understanding that remaining 11,000.00 will be paid in the year 2021.

- Shawn spoke to the lawyer about donations by community members and businesses to the library. He stated that as of right now the library is a public entity and any monetary donations are not tax deductible. The lawyer suggested we set up a 501c(4). Shawn suggested we do a 501c(3) since we can get more donations and grants through a 501c(3), since we no longer qualify for state aid and the versatility with the 501c(3) is better. The board discussed going through the Community Services Foundation or the Community Center Foundation for such donations that way the donor would be able to receive the tax deduction. This would also allow the library to secure grants that are only available to 501c organizations.
• County tax rate paperwork has been submitted for the fiscal year 2020 with no change to the library tax rate.

• The board also approved forgiving fines through canned good donations. Bloomsdale location hours were discussed the new. Shawn would like to have the new employees hired by October 1\textsuperscript{st} so that we can start doing training on the staff training day that scheduled for October 14\textsuperscript{th}, 2019.

• Shawn is going to resend the Policy and Procedure Manual with the corrections and the board should be able to approve that manual at our next meeting after those corrections are made.
